

DT01 TANK
STOOL
DESIGN: DAVID THULSTRUP, 2019

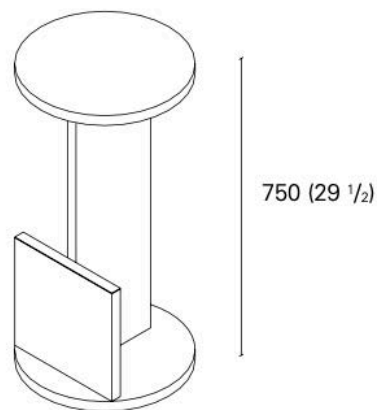

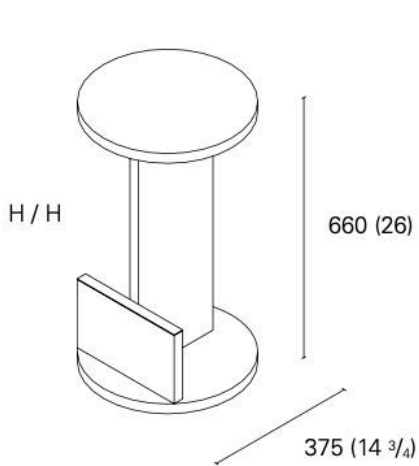

Tank is a sculptural bar stool and the first design by David Thulstrup for e15. With its new and clean silhouette, Tank breaks with the classic typology of the bar stool and combines function and mono-materiality in its reduced form at the same time. Tank is available in two heights and made of solid European oak. Tank was originally designed as an integral part of David Thulstrup's striking interior concept for Gasoline Grill in Copenhagen's French Quarter.

DIMENSIONS

l x w/d x h

14 3/4" x 14 3/4" x 26"

14 3/4" x 14 3/4" x 29 1/2"
